CAPABILITIES

Will shred: Paper, 80 column continuous form, credit cards, CD/DVD's, staples and small paper clips

Will not shred: Adhesive labels, transparencies, newspaper, cardboard, large paper clips, laminates, file folders, X-rays or plastic other than noted above

Paper shred size:
Cross-Cut ..... 3.9 x 30mm

Maximum:
Sheets per pass 24-26*
CDs/Cards per pass 1*
Paper entry width 300mm

*A4 (70g) paper at 220-240V, 50 Hz, 6 Amps; heavier paper, humidity or other than rated voltage may reduce capacity. Recommended daily usage rates: 10,000 sheets per day, 500 credit cards; 50 CDs. 24-26 sheets per pass.

Fellowes SafeSense® shredders are designed to be operated in home and office environments ranging between 50 – 80 degrees Fahrenheit (10 – 26 degrees Celsius) and 40 – 80% relative humidity.

ADVANCED PRODUCT FEATURES

Jam Proof System
Eliminates frustrating jams by preventing overloads and powering through misfed paper.

TECHNICAL EXPLANATION

Sheet capacity indicator tells you when you have too many sheets or too few to maximize productivity

Shredder will not operate when too many sheets are fed into paper entry (red light). Reduce sheet quantity and refeed

If misfed, shredder will automatically adjust to power through or reverse out paper

Auto Oil
Automatically oils the cutters to enhance performance and extend shredder life.

TECHNICAL EXPLANATION

Add shredder oil to self-contained 355 ml. reservoir

Oil is automatically injected onto cutters approximately every 500 sheets or 20 passes at capacity

Low oil indicator lights up when the oil reservoir needs to be refilled

Patented SafeSense® Technology
Stops shredder immediately when hands are too close to the paper entry.

TECHNICAL EXPLANATION

Shredder will stop automatically and indicator will light up when hands are too close to the paper entry

Shredder will resume normal operation when hands are no longer near the paper entry

Flashing indicator warns when SafeSense® technology has been shut off

⚠ WARNING: IMPORTANT SAFETY INSTRUCTIONS — Read Before Using!

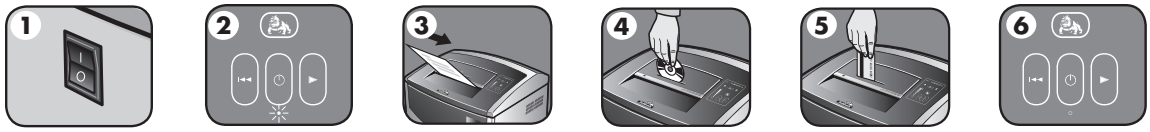
- Keep away from children and pets. Keep hands away from paper entry. Always set to off or unplug when not in use.
- Keep foreign objects – gloves, jewelry, clothing, hair, etc. – away from shredder openings. If object enters top opening, switch to Reverse (◁◁) to back out object.

- Never use aerosol products, petroleum based lubricants or other flammable products on or near shredder. Do not use canned air on shredder.

- Do not use if damaged or defective. Do not disassemble shredder. Do not place near or over heat source or water.
- This shredder has a Disconnect Power Switch (G) that must be in the ON (I) position to operate shredder. In case of emergency, move switch to OFF (O) position. This action will stop shredder immediately.
- Avoid touching exposed cutting blades under Cross-Cut shredder head.
- Use only designated entry for CDs/cards. Keep finger away from CD hole.
- Do not put foreign objects in paper entry.
- The grounded socket-outlet shall be installed near the equipment and shall be easily accessible.

BASIC SHREDDING OPERATION

PAPER OR CD/CARD

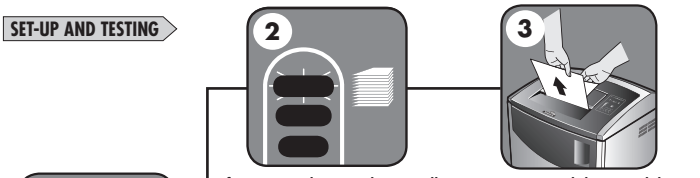


1. Plug in and put disconnect power switch in ON (I) position
2. Press ⏻ auto to activate (green)
3. Feed into paper entry and release
4. Hold CD at edge, feed into CD entry and release
5. Hold card at edge, feed into card entry and release
6. Set to OFF (⏻)

100% JAM PROOF JAM PROOF SYSTEM OPERATION*

Eliminates frustrating jams by preventing overloads and powering through misfed paper.

SET-UP AND TESTING



Feed into paper entry and release

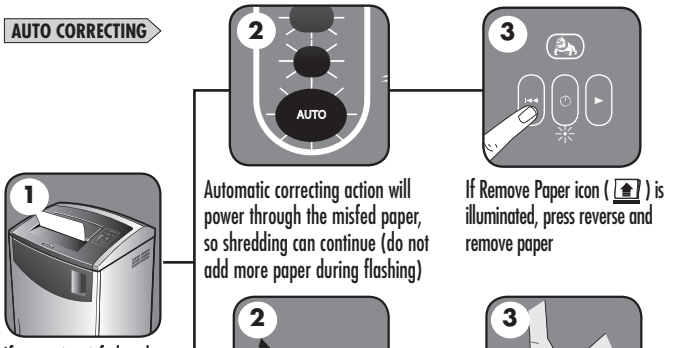
If too many sheets, indicator will light up to red and shredder will not take paper

Remove several sheets until the indicator is below red and the shredder will take the paper

Shredder will take fewer sheets, but if indicator is below yellow, you can add more sheets without fear of jamming

Increase the number of sheets being fed up to the top yellow light to maximize your productivity

AUTO CORRECTING



If paper is misfed and stops shredding, all indicator lights will illuminate and shredder will pause for 3-6 seconds

Automatic correcting action will power through the misfed paper, so shredding can continue (do not add more paper during flashing)

If Remove Paper icon ( ) is illuminated, press reverse and remove paper

If there is too much paper for the shredder to power through, it will reverse the paper out for easy removal

Reduce paper quantity to an acceptable amount and refeed into paper entry

***100% Jam Proof when used in accordance with user manual**

AUTO OIL AUTO OIL OPERATION

Automatically oils the cutters to enhance performance and extend shredder life.

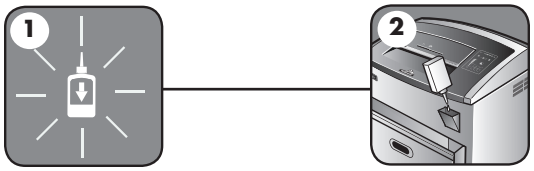
SET-UP AND TESTING

Before using, fill oil reservoir with 355 ml. of shredder oil

To test, lift CD flap to clearly see cutters. Then press the bulldog and forward key at the same time

Oil will spray out of the nozzles confirming that the system is working properly

REFILLING OIL



Low oil indicator will signal when your reservoir needs refilling

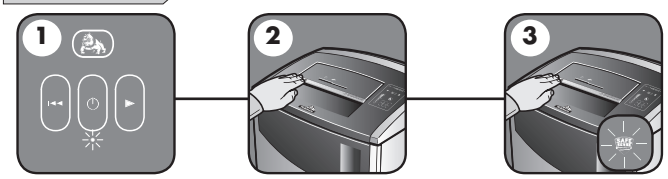
To maintain shredder performance, refill oil reservoir with up to 355 ml. of shredder oil (Fellowes #35250)

Once refilled, automatic oiling will resume

SAFE SENSE TECHNOLOGY SAFESENSE® TECHNOLOGY OPERATION

Stops shredder immediately when hands are too close to the paper entry.

SET-UP AND TESTING

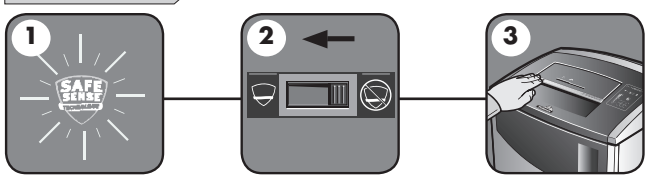


Turn the shredder on to activate SafeSense®

Touch test area and look for the SafeSense® indicator to illuminate

SafeSense® is active and working properly

FLASHING INDICATOR



SafeSense® is deactivated when indicator is flashing

Shift override switch to the "active" position, reactivating SafeSense®

Confirm the indicator is no longer flashing and retest by putting your hand on the test area

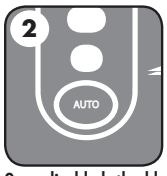
ADVANCED PRODUCT FEATURE MAINTENANCE AND TROUBLESHOOTING

100% JAM PROOF JAM PROOF SYSTEM*

Eliminates frustrating jams by preventing overloads and powering through misfed paper.

DISABLING THE FEATURE

Should you choose to disable the system, press and hold the bulldog and reverse (⏮) key at the same time



Once disabled, the blue Auto light is no longer illuminated (To re-engage, repeat step 1)

Shredding can continue with the system disabled, however a paper jam may occur with too many sheets and Remove Paper icon ( ) will illuminate

If jam occurs, press and hold forward (►) key until the document is completely through the shredder

If not cleared, press reverse (⏮) briefly (repeat steps 4 and 5 until shredded)

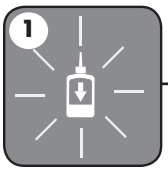
If steps 4 and 5 do not clear jam, reverse paper all the way out, remove several sheets and refeed

***100% Jam Proof when used in accordance with user manual**

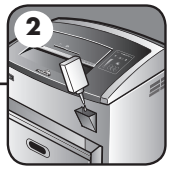
AUTO OIL AUTO OIL

Automatically oils the cutters to enhance performance and extend shredder life.

REFILLING THE OIL



Low oil indicator will signal when your reservoir needs refilling



To maintain shredder performance, refill oil reservoir with up to 355 ml. of shredder oil (Fellowes 35250)

Once refilled, automatic oiling will resume

CLEARING THE OIL NOZZLES

Lift CD flap to clearly see cutters

Press the bulldog and forward keys at the same time

Oil will spray out of the nozzles confirming that they are working properly

- All cross-cut shredders require oil for peak performance. If not oiled, a machine may experience diminished sheet capacity, intrusive noise when shredding and could ultimately stop running. We recommend that you refill the Auto Oil reservoir as instructed to avoid performance problems.
- If shipping shredder, oil must be drained. Open oil reservoir, pull out basket to access oil drain plug. Holding suitable container under drain, remove plug and let oil drain out. Replace plug.

SAFESENSE® TECHNOLOGY

Stops shredder immediately when hands are too close to the paper entry.

DISABLING THE FEATURE

Should the SafeSense® indicator stay lit without touching the opening

The shredder will stop and SafeSense® will need to be deactivated

To deactivate, shift override switch to the "not active" position

Once deactivated, the indicator will flash and the SafeSense® feature will not function

To clear paper, press and hold forward key until paper is shredded

Once the paper is cleared, reactivate the SafeSense® feature (To re-engage, see Operations)

BASIC PRODUCT MAINTENANCE AND TROUBLESHOOTING

CLEANING AUTO-START INFRARED SENSORS

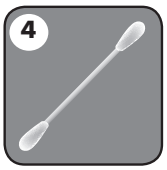
Paper detection sensors are designed for maintenance free operation. However, on rare occasions the sensors may become blocked by paper dust causing the motor to run even if there is no paper present (Note: two paper detection sensors are located in the center of the paper entry).

TO CLEAN THE SENSORS

Turn off and unplug shredder

Lift CD flap.

Locate Auto-start infared sensor.



Dip cotton swab in rubbing alcohol.

Using cotton swab, wipe away any contamination from the paper sensors.

PREVENTIVE MAINTENANCE

- Run shredder once a day in reverse for 15 seconds to clear cutters
- Empty wastebasket when bin full indicator light is illuminated using bag # 3605801

ACCESSORIES

Maintenance is an important part of protecting your investment. Don't forget oil and shredder bags.

- C-420Cx Shredder plastic bag – #3605801
- Shredder oil (355 ml) – #35250

PROBLEM STILL NOT SOLVED?

Fellowes is committed to giving our customers the support and service they deserve. That is why we offer several options for you to find technical information, step-by-step assistance and personal attention.

- **www.fellowes.com** features an extensive on-line support section with a number of self-service options
- Our customer service professionals are dedicated to resolve any of your issues

Go to Support Section at www.fellowes.com or see back page of manual for useful telephone numbers.

WARRANTY

LIMITED WARRANTY Fellowes, Inc. ("Fellowes") warrants the cutting blades of the machine to be free from defects in material and workmanship for 20 years from the date of purchase by the original consumer. Fellowes warrants all other parts of the machine to be free of defects in material and workmanship for 2 year from the date of purchase by the original consumer. If any part is found to be defective during the warranty period, your sole and exclusive remedy will be repair or replacement, at Fellowes' option and expense, of the defective part.
This warranty does not apply in cases of abuse, mishandling, or unauthorized repair. ANY IMPLIED WARRANTY, INCLUDING THAT OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS HEREBY LIMITED IN DURATION TO THE APPROPRIATE WARRANTY PERIOD SET FORTH ABOVE. In no event shall Fellowes be liable for any consequential or incidental damages attributable to this product.
This warranty gives you specific legal rights. The duration, terms, and conditions of this warranty are valid worldwide, except where different limitations, restrictions, or conditions may be required by local law.
For more details or to obtain service under this warranty, please contact us or your dealer.
